

## Tier 2

### PROFESSIONAL APPRENTICESHIPS

#### Professional Apprenticeships

Another exciting option for students 15 years old and above is a **2-week apprenticeship** with corporate partners such as Marina Bay Sands. They will experience on-the-job training, which offers students a glimpse of the working world, and exposes them to possible future vocations. They will be guided by professional mentors.

**Students from less fortunate backgrounds can have a taste of the working world at a young age.**

Students will be attached to mentors who will guide them through the apprenticeship.

Students will also get to hear from other professionals beyond what they experience during the apprenticeship.

The training was a meaningful experience that helped me to grow and improve as a leader. The programme allowed me to **develop useful leadership and teamwork skills** that would be helpful in my studies and in the future as well. From the programme, I managed to become **better at working with others** and the programme also allowed us to be able to contribute to society through our own means.

Rachel Teay, 15  
Canberra Secondary School  
Community Champion's Challenge 2018

At the start of the apprenticeship with Marina Bay Sands, I would not dare to approach a guest when they are in need. I would just let my corporate mentor attend to them. However, whenever my mentor is attending to a guest, I would observe the way my corporate mentor did it. Slowly, I **built up the confidence** in myself before **taking the initiative** to approach a guest who is in need.

Tan Jiyu, 15  
Serangoon Garden Secondary School  
Apprenticeship with Marina Bay Sands 2018

Inspire youth,  
Develop **community champions**

## Tier 3

### E.L.I. INITIATIVE

#### E.L.I. Initiative

Equip, Lead, and Inspire!

It empowers leaders with the right influential and facilitation skills to rally and mentor others in sustainable community projects.

**Leaders will mentor fellow students in sustainable projects.**

Students will undergo training to assume a mentor role in community projects, learning valuable interpersonal skills such as persuasion and conflict resolution.

# HEARTWARE – CHARACTER AND CITIZENSHIP EDUCATION LEADERSHIP PROGRAMME

**THINK:** A tight-knit community where students are equipped with the necessary skills to support causes close to their hearts and homes, so that the disadvantaged communities can be uplifted.

That is the aim of Heartware-Character and Citizenship Education (HW-CCE) Leadership Programme. It develops students into community champions committed to improving the lives of others in meaningful ways. Students are trained to adequately diagnose community issues close to their hearts, and design sustainable projects that alleviate these problems.

HW-CCE Leadership Programme links secondary schools to social service agencies within the same neighbourhood to create the authentic service learning experience. A culture of servant leadership is fostered, augmented by a training curriculum focused on character and leadership growth.

From learning journeys and inspirational series, to community projects guided by trained facilitators, find your students excited with opportunities to reach out, engaged in community problem-solving, and empowered with skills to rally and mentor peers in sustainable projects.

## 4 AREAS OF PERSONAL GROWTH

CHARACTER DEVELOPMENT

LEADERSHIP ENHANCEMENT

COMMUNITY ENGAGEMENT

INNOVATION & ENTERPRISE

# WHAT CAN WE OFFER?

## PARTNERS

Tap onto our extensive network of community and corporate partners as avenues for your students' community projects or apprenticeship opportunities.

## TRAINERS

Enhance the support of your students' learning and developmental needs with our trainers and volunteer facilitators who are experienced in community project engagements.

## CURRICULUM

Address the needs of your students through a tailored three-tiered curriculum designed for character and leadership growth, community problem-solving, and cultivating innovative and enterprising mindsets.

## REACH OUT!

Student cohort will be exposed to various social initiatives in their immediate community.

*Learning Journeys with social service agencies to interact and empathise with unique groups of beneficiaries, and gain insights into social service agencies operations.*

## EXCITE Tier 1

### Reach Out!

**Inspirational Series:** Connect students to personal stories of various individuals in the community

**Learning Journey:** Immerse students in the operations of VWOs for an understanding on their positive impact in the lives of the beneficiaries

**Break-Out Sessions:** Expose students to issues related to the community, and facilitate conversations on varying perspectives.

*Break-out sessions encourage students to participate in thought-provoking discussions about social issues. These sessions are facilitated by our trainers.*

## ENGAGE Tier 2

### Community Champion's Challenge

Students are nurtured to develop a heart for community building through community problem solving. Students will be exposed to community issues, how to analyse the needs of the community and propose solutions. Finally, they will execute their planned community projects at the respective social service agencies.

## COMMUNITY CHAMPIONS' CHALLENGE

Passionate students will undergo a tailored curriculum to kick start their own community projects.

*Students engage seniors in meaningful community projects such as promoting active aging through simple carnival games.*
